Save 50-70% by Purchasing Implant Direct's Products Online - Order by item using our shopping cart, or by charting case for better team communication

Our interactive shopping cart program guides the buyer through their selection by implant type, diameter, & length. Then, it cross-references the implant platform with compatible abutments and prosthetic components.

Our interactive online charting combines treatment planning, ordering, inventory control and team communication. To order, simply click on the implant product code to order compatible abutments.
